

View/Search All Contacts

This tutorial explains how to view and search all contacts.

By default, the last 25 recent contacts are shown at the bottom of the Field Day Logger. So, you'll occasionally want to visit the "Contact List"

Step 1 of 5 - Login to QRUQSP.org Subscription

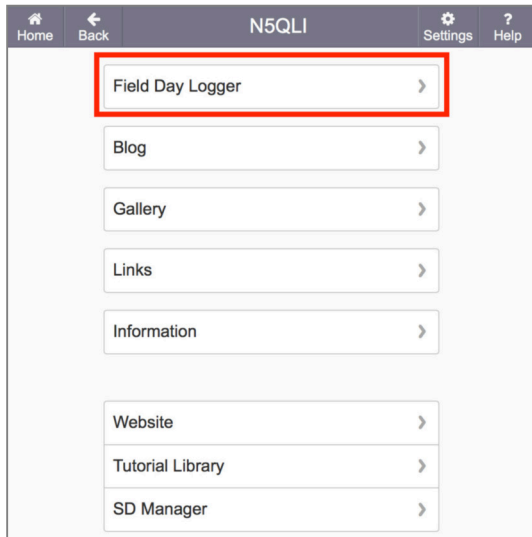

Open a web browser and connect to your QRUQSP.org subscription.

<https://qrucsp.org/manager>

Enter your login information and click the Sign In button.

****NOTE:** You can click the remember me checkbox so you don't have to enter the information each time.

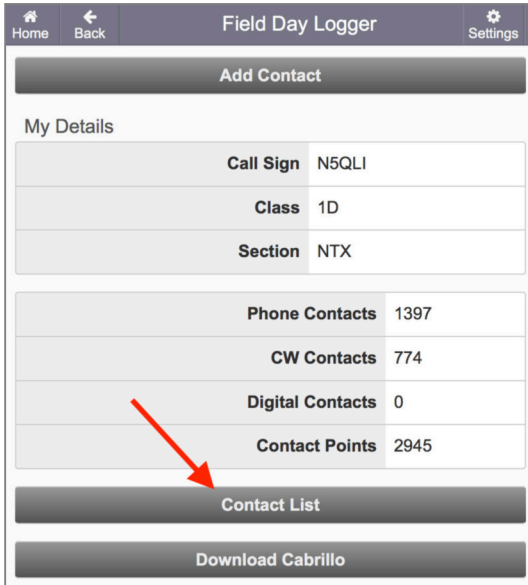

Step 2 of 5 - Select Field Day Logger

Select Field Day Logger from the main menu

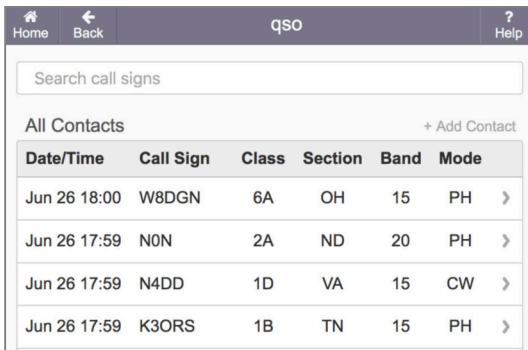

View/Search All Contacts

Step 3 of 5 - Scroll Down and Select Contact List

Scroll down below "My Details" and click on "**Contact List**" to view all contacts.

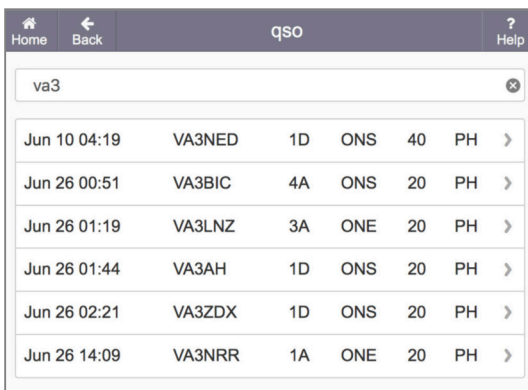

Step 4 of 5 - All Contacts

Here is an example of what "**All Contacts**" looks like. Contacts are ordered by date and time with most recent at the top.

Clicking on any row will show details about that contact and provide an opportunity to edit any information that needs to be changed.

Step 5 of 5 - Search All Contacts

You can search for contacts by typing in a call sign. Partial call sign will show up to 25 matches. In this example, all contacts with callsigns matching "VA3" are shown.
